

CLAIM. BY BRÄNNLAND CIDER.

CLAIM. Claims new territory for ice cider. An ice wine made from 100% Swedish apples, concentrated & elevated using the natural winter cold of northern Sweden. A true & original expression of the country, apples and family of ciders from which it was born.

White flowers on the nose and juicy, sweet, fresh acidity on the finish. Claim evokes lightness and light, spring and summer, in contrast to the flavors and scents of late autumn and winter apples associated with our traditional ice cider.
